

FROM: Victoria Márquez-Mees, MICI Director

REFERENCE: Request **MICI-BID-BR-2016-0106** referring to “Tietê Várzeas Program” (BR-L1216)

DATE: September 22, 2016

SUBJECT: **Notification of the Eligibility Process Suspension at the Request of Management**

Dear Requesters,

The purpose of this email is to notify you that the IDB team responsible for "Tietê Várzeas Program" (BR-L1216) has asked MICI to be allowed to have direct contact with you with the intention of addressing the concerns raised in your Request. For this purpose they have presented a plan with precise dates and activities to be carried out.

Based on MICI's Policy, we have agreed to the request presented by IDB team and we are granting a suspension of the MICI process for a maximum of **45 working days** so they can establish direct contact with you. This period will end next **November 23rd, 2016**.

The idea of this suspension is to help reach a promptly solution for your concerns, which is positive from our perspective. If, at the end of the period, your concerns have not been resolved, the MICI process will continue.

To explain this step of the process and answer your questions, we propose a phone call for tomorrow, Friday, September 23rd or for Monday September 24rd, at the time that best suits you.

We are attaching the document sent by the Bank's Management in which they respond to the issues raised in your Request and where the team details the actions they will carry out in these 45 days.

We will wait for your response to schedule the call and we remind you that we are always available to answer your questions.

Sincerely,
