

WE LIKE IMMERSIVE EXPERIENCES  
we are **IRALTA VR**

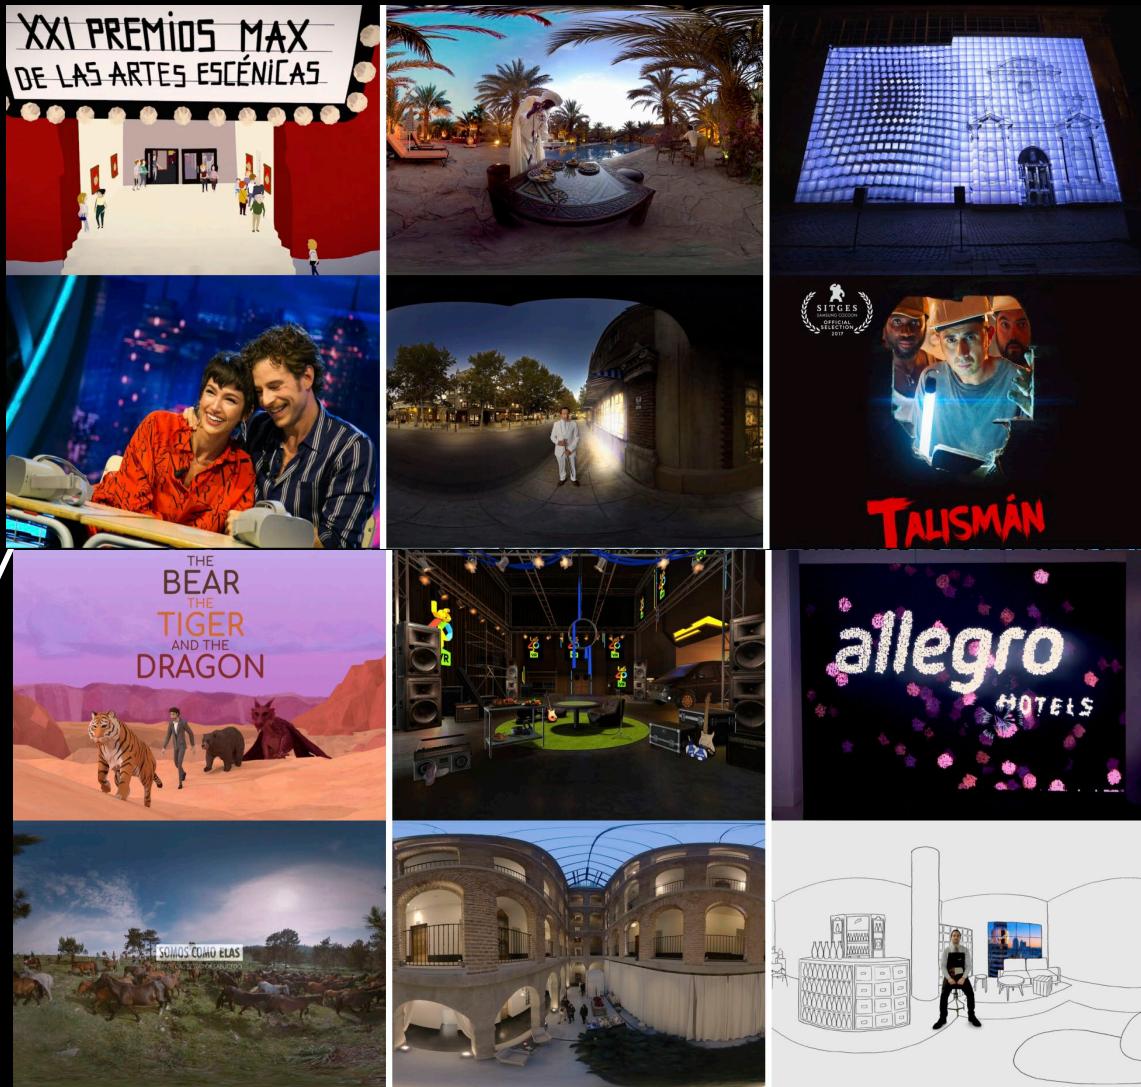

Somos creadores de mundos virtuales y trabajamos con nuevas herramientas tecnológicas

Experimentamos con nuevas narrativas aplicadas a la realidad virtual y aumentada buscando como emocionar al público y teletransportarlos a mundos virtuales.

Vamos un paso más allá en la búsqueda de las emociones, el sentido de la presencia y la empatía, características fundamentales de la realidad virtual

Diseñamos experiencias virtuales y aumentadas, instalaciones inmersivas interactivas, videos 360 y videomapping.

Planificamos la estrategia de distribución para garantizar que los contenidos son disfrutados por los usuarios en cualquier plataforma y dispositivo

Trabajamos con agencias, marcas, cadenas de TV e Instituciones, creando contenidos audiovisuales para proyectos de marketing, sociales, culturales..

Hemos producido y desarrollado campañas para destinos turísticos, touroperadores y cadenas hoteleras.

La realidad virtual o VR nos sumerge por completo en un mundo virtual.

La realidad aumentada o AR complementa el mundo real con objetos digitales.

VR / Realidad Virtual

AR / Realidad aumentada

La VR es una tecnología generadora de experiencias.

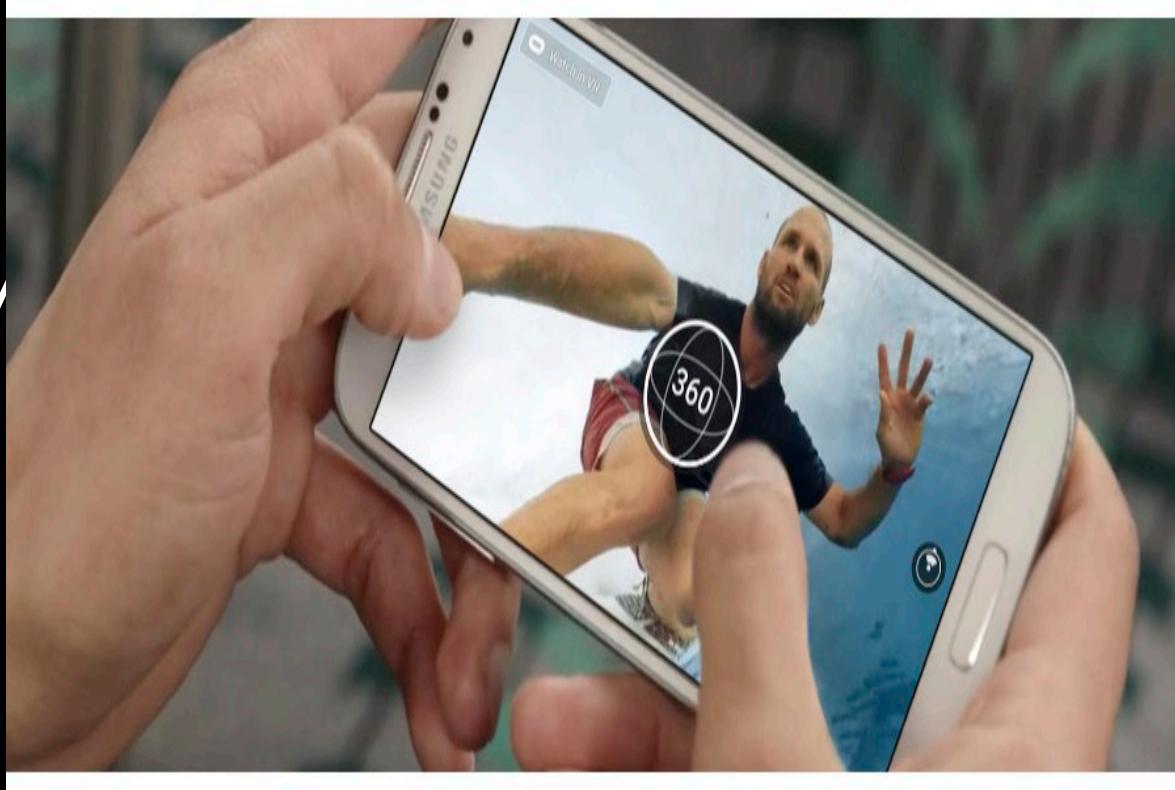

Es el fin de “era se una vez”, ahora la historia ocurre porque nosotros estamos allí.

Tenemos que entender la fuerza y el poder de este nuevo medio de comunicación y jugar con él

La VR nos permite experimentar lo imposible

## CLAUSTRO SANTA MARÍA LA REAL DE NÁJERA

El claustro del monasterio de Santa María la Real de Nájera, o claustro de los Caballeros, es de estilo gótico-florido y fue construido entre 1517 y 1528 con abundantes elementos decorativos. Llaman la atención la ornamentación de las bóvedas, las filigranas de su arquería y las esculturas que decoran su interior.

Los cuatro grandes espacios que forman el claustro se cubren con techumbre tardogótica de crucería compleja, los vanos quedan rematados por arcos apuntados de finales del gótico que cobijan delicadas columnillas y tracerías platerescas formadas por un entramado vegetal y geométrico al que se asoman figuras de animales y de ángeles.

Adosada a los pilares, existe una interesante colección de estatuas de estilo renacentista -la mayoría están descabezadas y mutiladas- que se sustentan sobre mensullas decoradas y se cobijan bajo dossel.

The collage consists of four screenshots from the Camino de Santiago 360° website, each featuring a yellow circular logo with a stylized sunburst and the text "360°".

- Top Left:** A language selection interface. It says "SELECT YOUR LANGUAGE" at the top left, followed by "ENG" and "ESP" in large letters inside yellow circles. Below this is a yellow banner with the text "ELIGE TU IDIOMA". The background is a parchment-like texture.
- Top Right:** A screenshot of the Booking.com search interface for Galicia, Spain. The search bar shows "Galicia" and "España - 1439 alojamientos". Below it is a search form for "Buscar hoteles en Galicia" with fields for "Fecha de entrada", "Fecha de salida", "2 adultos (1 habitación)", and a "Buscar" button. A note below says "✓ ¡Reserva ahora y paga en el alojamiento! Cancelación GRATUITA en la mayoría de las habitaciones".
- Bottom Left:** A section titled "FEDERACIÓN ESPAÑOLA" featuring the logo of "ASOCIACIONES DE AMIGOS DEL CAMINO DE SANTIAGO" (Friends of the Camino de Santiago Associations). It includes a detailed description of the federation's purpose and a "WEBSITE" button.
- Bottom Right:** A section titled "PATROCINADORES:" (Sponsors) and "COLABORADORES:" (Partners). It lists several sponsors with their logos, including "GOBIERNO DE ESPAÑA", "MINISTERIO DE EDUCACIÓN, CULTURA Y DEPORTE", "SECRETARÍA DE ESTADO DE CULTURA", "ESTAÑA", "PARADORES Hoteles & Restaurantes iq8", and "ONTAÑÓN BODEGA - MUSEO".

# PARADORES FITUR

A VIRTUAL REALITY EXPERIENCE PRESENTED  
BY PARADORES OF SPAIN AT FITUR 2019

Video 360-3D (stereoscopic) and the smooth camera movements (performed with cablecam and travelling) invite immersion in these spaces filled with history and art.

The App, developed to be lived in virtual reality goggles Oculus Go, allows you to choose between a romantic getaway in the Parador of Chinchón, traverse the Parador of La Granja organizing a MICE event or enjoy the gastronomy and the spa of the Parador of Alcalá de Henares. The gamification of experience consists of a set of questions about the gastronomy and history of each Parador and allows you to move forward the story.

It is the second time that House Trust Iralta VR to show incredible accommodations offered by your network using the 360 video and virtual reality technology.

# MOROCCAN GASTRONOMY AND HERITAGE

THE GOVERNMENT OF MOROCCO,  
THROUGH ITS AGENCY OF PROMOTION  
VISIT MOROCCO ASKED NETBERRY E  
IRALTAVR TO DO A PROJECT IN 360° ABOUT  
THE HERITAGE AND GASTRONOMY OF  
THE COUNTRY

For two months, we toured the cities of Casablanca, El Jadida, Rabat, Fez, Meknes, Volubilis, Essaouira, Ouarzazate and Merzouga. The result are two videos that shows us mosques, palaces, kasbah and riads, and allows us to visit firsthand the Atlas mountains and its gorges, the desert with its dunes and oases and the endless beaches of the coast.

We discover the rich Moroccan gastronomy thanks to the journey that a great local chef proposes us through ingredients, flavors and smells that remind him to his childhood.

# ALHAMBRA

## CERVEZAS ALHAMBRA MANIFESTO: TIME TO DISCOVER.

In this experience, created by the agency Kitchen and produced by Somos5, we directed the shooting and postproduction of the different 360° videos that allow the spectator to walk the labyrinthine streets of the Albaicín neighborhood in Granada. "STOP MORE, FEEL MORE" is the motto of the campaign that offers you to lose yourself in the streets and, depending on the time you have, make different interactive tours through the streets, learn about its history or witness the sunset over the Alhambra.
