

FROM: María Aranzazu Villanueva Hermida, MICI a.i Director

REQUEST: MICI-BID-BR-2020-0158 related to the "Sanitation for Nova Estrada Watershed - PROMABEN II" (BR-L1369)

DATE: September 1, 2020

SUBJECT: **Notification of Term Extension for Requesters to Fulfill Some Requirements**

Dear Requesters,

After receiving your Request and within the period of five working days marked by our Policy, we have reviewed the information and found that there is still necessary information missing to be able to register your Request.

Therefore, this notification is to inform you that you have 10 working days from today (until September 17, 2020) to send us your Request containing the currently missing information.

With the intention of assisting you in the preparation of your complaint, we are sending you the following attachments to this communication:

1. A sample letter that you can use to write your complaint.
2. A Table of Requirements to help you identify what information is specifically missing and why we need it.

If you are unable to gather the missing information before September 17, 2020, the administrative process for that Request would be completed. However, this does not prevent you from submitting your Request once it is complete.

We would also like to have a telephone conversation with you to learn more about the situation and answer questions about the MICI process.

You will also find more information about the Mechanism on our website: <https://www.iadb.org/en/mici/inicio> .

Best regards,
