

## NOTICE OF CONTRACT AWARD

---

**RE:** Selection #: BL-T1110-P001  
Selection Method: Full Competitive Selection  
Sector: Private Firms and SME Development  
Country: REGIONAL  
Financing ATN #: ATN/CO-16736-BL

**Description of service:** provide the design and deployment of a feasible technological solution that incorporates digital technology for integrating and improving connectivity and data sharing among key actors resulting in the measurable increased efficiency of the selected business processes. The systems integration solution (SIS) should build an API capable of growing overtime and incorporating new actors interested in information sharing and participating in the business processes; while taking the current infrastructure and capacity in Belize into consideration. It should also be capable of serving as a replicable template for other business processes and should also be able to support the development of extensions to service mobile platforms and devices in native mode. That is, the solution should be scalable and flexible to allow for future horizontal or vertical integration with existing or future new actors.

The aforementioned selection process has been completed and the contract has been awarded as follows:
