

NOTICE OF CONTRACT AWARD

RE: Selection #: RG-K1384-P002
Selection Method: SSS
Sector: Government
Country: *United States of America*
Financing ATN #: *RG-K1384*

Description of service: The IDB is developing a general framework of principles and criteria that define sustainable infrastructure. We have established five draft principles in the dimensions: environmental, social, and economic as well as financial and institutional. The criteria for operationalizing these principles as well as tools and mechanisms to fulfill them, differ from each other at each stage. To operationalize sustainability, we need to define the key set of criteria of all five sustainability dimensions for all the above-mentioned stages of the project cycle. The objective of the work is to define, and describe, the key criteria of the five sustainable infrastructure principles, at a) the policy and planning stage (upstream level), b) the project preparation and design stage, and c) the financing stage of the project cycle.

The aforementioned selection process has been completed and the contract has been awarded as follows:

Firm name: Harvard Square Sustainability Advisors, LLC
Firm country: United States of America
Contract Value: \$25,000.00
Date of award/contract date: 09/01/2017

Thank you
