Sector: Power / Energy/Consulting Services

Deadline: 20 July 2016

Status: Published

Loan N°/Financing: ATN/FM-14834-RG

Project: Climate technology transfer mechanisms and networks in Latin America and the Caribbean

Title: International Consultancy: Terms of reference for the preparation of roadmaps on heat applications of renewable energy technologies in Costa Rica

Project ID: RG- T2384

See Terms of Reference attached below

Country of project: Costa Rica.

Funding source: Global Environment Facility (GEF). Project implemented by **Inter-American Development Bank (IDB)** and executed by Fundacion Bariloche (FB).

Project: "Climate technology transfer mechanisms and networks in Latin America and the Caribbean".

Title: International Consultancy: Terms of reference for the preparation of roadmaps on heat applications of renewable energy technologies in Costa Rica.

Business Sector: Consultants.

Project ID No.: RG- T2384.

Loan/Credit/Grant No. ATN/FM-14834-RG

Contract/Bid No. RG- T2384.

Deadline: July 20, 2016.

The objective of the consultancy is to develop two technology roadmaps for the adoption in Costa Rica of:

- Solar water heating and space heating and cooling in residential, commercial and industrial buildings.
- Thermal energy generation technologies based on biomass residues in the industrial sector.

The consultants are expected to refer to and follow the recommendations by the International Energy Agency (IEA) regarding the development of technology roadmaps in particular those recommendations and procedures included in IEA's guide for the development and implementation of technology roadmaps. Please find attached Terms of Reference in English and Spanish.
