REPORT OF THE AUDITOR GENERAL ON THE  
STATEMENT OF CUMULATIVE INVESTMENTS AND  
STATEMENT OF CASH RECEIVED AND DISBURSEMENTS  
FOR THE SUPPORT FOR CRIMINAL JUSTICE SYSTEM PROGRAM  
IDB LOAN AGREEMENT № 3876/BL-GY  
FOR THE YEAR ENDED 31 DECEMBER 2020

### *Audit Opinion*

I have audited the Financial Statements of the Support For Criminal Justice System carried out by the Ministry of Legal Affairs and financed with resources of the Loan Agreement № 3876/BL-GY of the Inter-American Development Bank (IDB), which include the Statement of Cumulative Investments as of 31 December 2020, the Statement of Cash Received and Disbursements, and the notes to the Financial Statements, prepared for the year ended 31 December 2020, which include a summary of relevant accounting policies.

In my opinion, the accompanying Financial Statements of the Support for Criminal Justice System Program for the year ended 31 December 2020 have been prepared in all material respects, in accordance with the financial reporting requirements of Section 5.03 of the Loan Agreement № 3876/BL-GY and the Audited Financial Reports and External Audit Management Handbook for projects financed by the IDB.

### *Basis for Audit Opinion*

I conducted my audit in accordance with International Standards on Auditing (ISAs) issued by the International Federation of Accountants (IFAC), the International Standards of Supreme Audit Institutions (ISSAIs) and the Audit Act 2004. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Support for Criminal Justice System in accordance with the ethical requirements that are relevant to my audit of the Financial Statements in Guyana and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

### *Management's Responsibility*

Management is responsible for the preparation of these Financial Statements in accordance with the requirements established in Section 5.03 of the Loan Agreement № 3876/BL-GY and the Audited Financial Reports and External Audit Management Handbook for projects financed by the IDB. In addition, management is responsible for establishing internal control as they determine necessary to enable the preparation of statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibilities for the Audit of the Financial Statements*

My objective is to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with ISAs and ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

## NOTES TO THE FINANCIAL STATEMENTS OF THE PROGRAM

### 1. Description of the Program

The objective of the project is to contribute to the reduction of high concentrations of prison population in Guyana. The specific objectives of the Program are to reduce the proportion of inmates who are pre-trial detainees and to increase the use of alternative sentencing in the country.

The project will finance the implementation of the following subcomponents:

- (a) Subcomponent 1: Reduction of the use of Pre-Trial Detention
- (b) Subcomponent 2: Increase in the use of alternative sentencing.
- (c) Subcomponent 3: Project Administration
- (d) Subcomponent 4: Evaluation

### 2. Key Accounting Principles

- **Cash Basis of Accounting**

The financial statements have been prepared using the cash basis of accounting, recognizing revenue when the cash is received and recognizing expenses when the cash has been disbursed. This recordkeeping modality differs from the IPSAS under which transactions should be recorded as they are incurred and not when they are paid. However, the IPSAS have been applied to these circumstances discussed in the chapter "Cash Basis IPSAS: Financial Reporting under the Cash Basis of Accounting."

- **Monetary Unit**

The Project accounting records have been prepared in the US\$, the currency in which the Borrower and/or Executing Agency maintains its accounting records. However, for presentation purposes to the Bank, the financial statements will need to be converted to the financing currency, and an explanatory note added regarding the exchange rate agreed between the Bank and Borrower and/or Executing Agency and the conversion method used.

The exchange rate gain or loss that results from a difference in the exchange rate when funds are received, versus when they are converted to local currency, to make payments for eligible expenses is accounted for as an exchange rate differential charged to: (1) Bank Financing; (11) local counterpart; or (111) other sources.

### **3. Available Cash Balance**

The available cash balance as at December 31, 2020 is deposited in the Program's bank accounts, and included interest exchange rate gains. as follows:
