

NOTICE OF CONTRACT AWARD

RE: Selection #: RG-T2516-P004
Selection Method: Single Source Selection
Sector: Political Economy
Country: *Regional*
Financing ATN #: ATN/OC-14729-RG

Description of service: The purpose of this project is to understand what public policies do citizens demand, and what are the determinants of those demands using sophisticated online sampling and collect quality survey data from seven countries in the Americas. In particular, we would like to test the role of information in shaping those demands. The knowledge generated by this project should increase the understanding of the role of information into shaping public policy demand. As such, it should help governments to run the informational campaigns that could help generating a greater demand for more efficient and effective policies, instead of short-term patches.

The aforementioned selection process has been completed and the contract has been awarded as follows:

Firm name: Vanderbilt University - LAPOP
Firm country: USA
Contract Value: USD \$56,239
Date of award/contract date: February 25, 2019

Thank you.
Carlos Scartascini, Economics Principal Tech Leader
Division: Research Department
