RE: Selection #: RG-T2728-P006

Selection Method: SSS

Sector: Government

Country: Argentina

Financing ATN #: RG-T2728-P006

Description of service: RAND will execute a participatory study to help water planners in Mendoza, Argentina identify climate-resilient water management options with a multisector perspective. Specific objectives include: (1) to evaluate Mendoza water system vulnerabilities to climate change and other long-term uncertain stressors, and (2) to identify different near-term plausible investments that could help reduce identified system's vulnerabilities across the wide range of plausible futures. The study will be highly participatory, including three workshops with local stakeholders facilitated by the consultant, to build ownership and capacity at the local level.

The aforementioned selection process has been completed and the contract has been awarded as follows:

Firm name: RAND Corporation

Firm country: United States of America

Contract Value: US\$200,000.00

Date of award/contract date: 04/23/2018
