Following the mandate described in the MICI-IDB Policy ([MI-47-8](#)), the Mechanism functions as a last resort instance and therefore it is necessary for you to be able to contact the Project Team (Management) responsible for the Program in first instance to address your concerns.

Below you will find the Project Team's contact information so that you can initiate said contact directly with them. Remember that you can copy us in all the interactions that you consider pertinent.

- Jorge Oyamada (jorgeoya@iadb.org)
- Oscar Came (oscarluisc@iadb.org),
- Juan Martínez (jantonioma@iadb.org)

As mentioned in the call, we will forward to the Project Team the Request information you have provided to the Mechanism, as well as the emails of the three Representatives.

With this notification the administrative processing of the MICI Request under the number MICI-BID-AR-2021-0172 will be concluded, however please consider that **there is always the possibility of resubmitting the Request to the MICI if you consider that your concerns have not been addressed within a reasonable period.**

We are at your disposal to answer any questions or clarifications you deem necessary about the MICI and its process.

Best regards.
